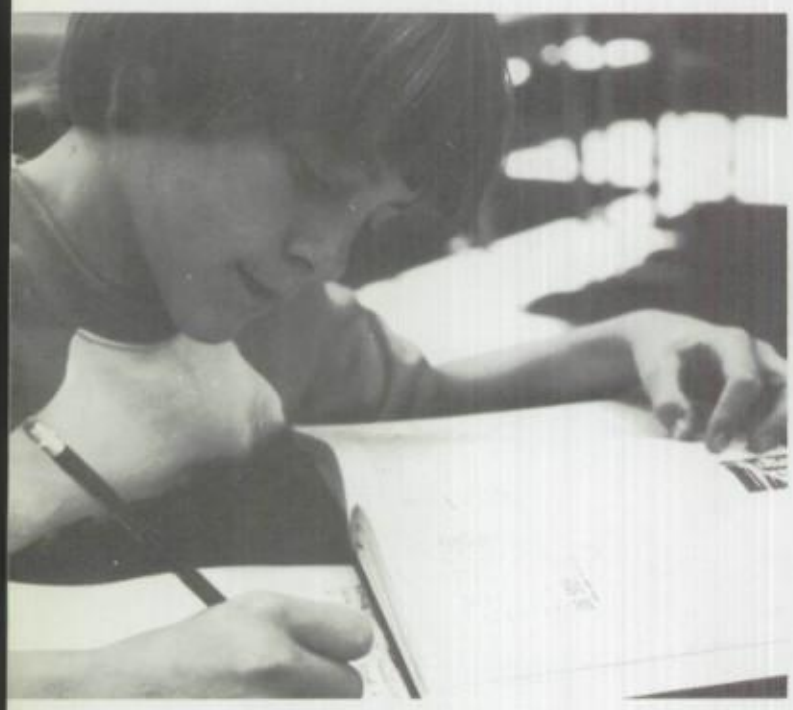
Listen to the Sounds of C.H.S.

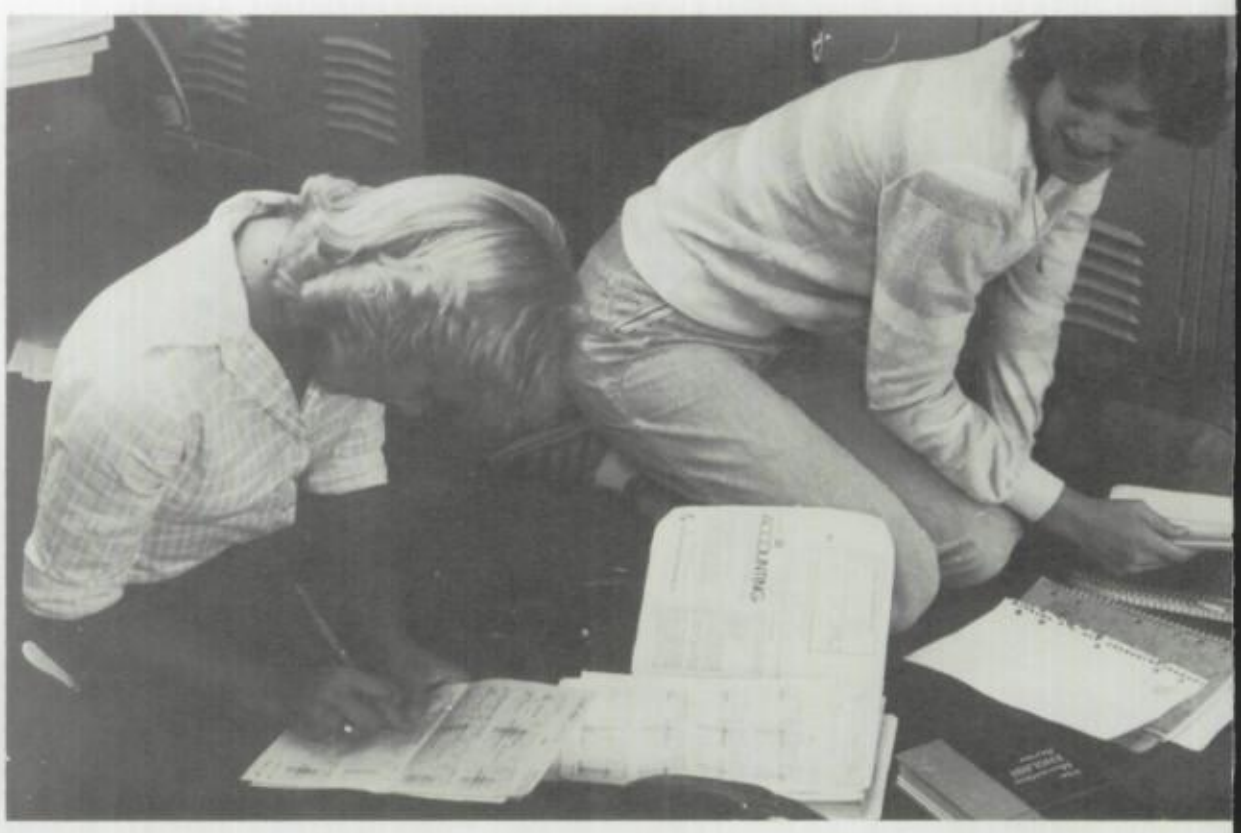
as students work and play. Individuals and groups share their talents to present programs and perform services in the community.

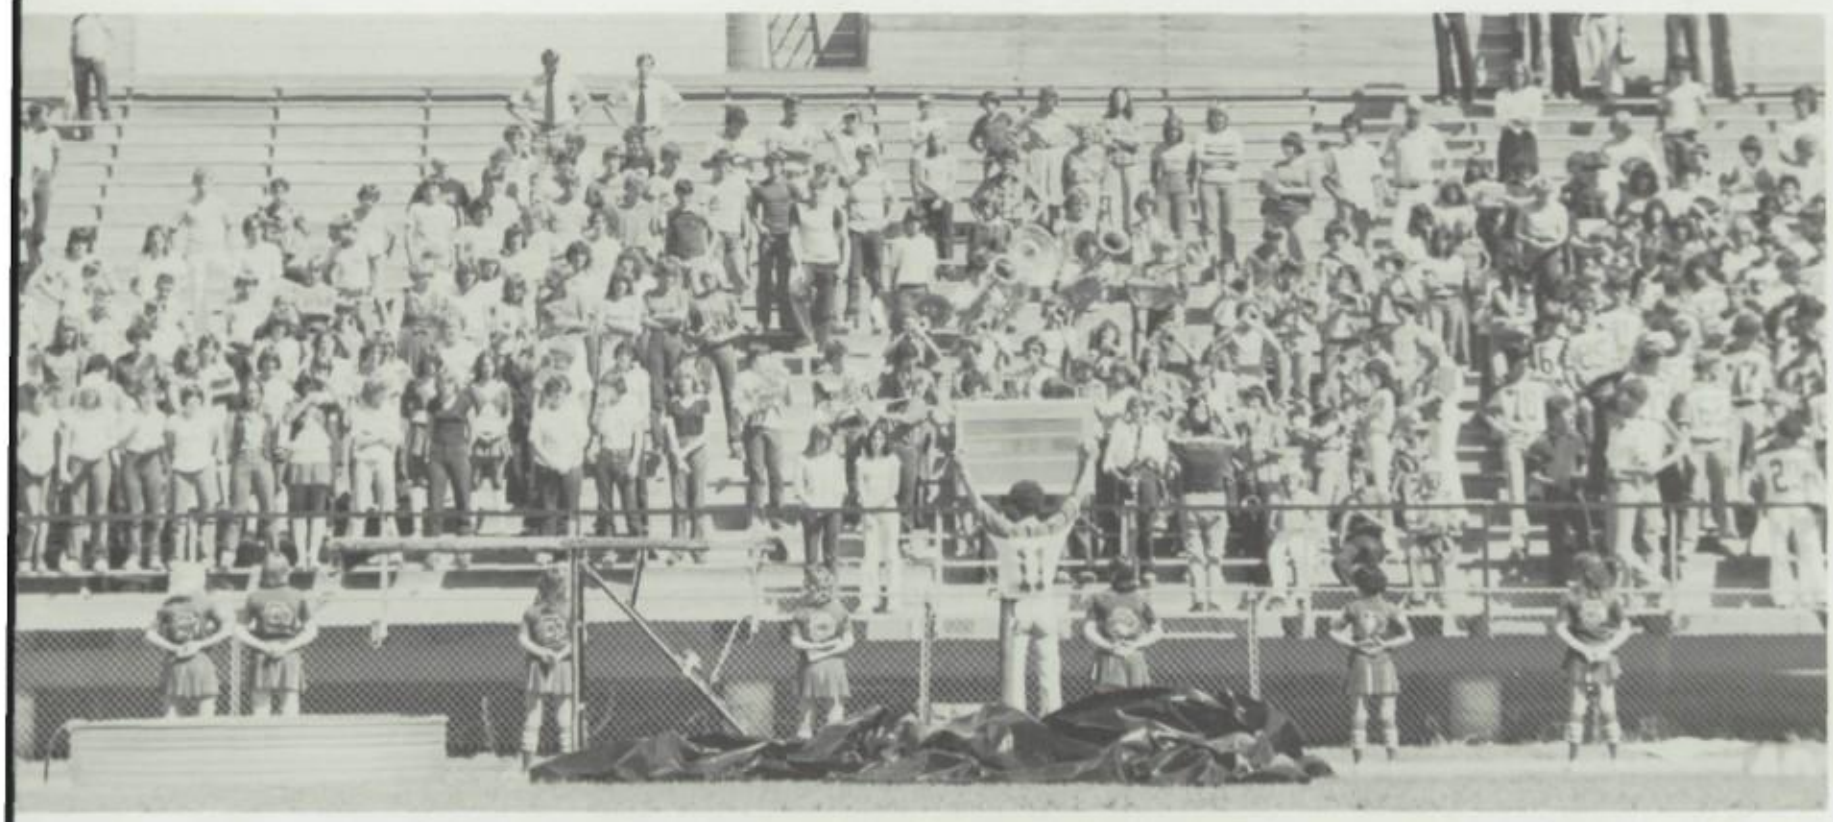
Some days the air is filled with moans and groans; nothing seems to go right. Chemistry experiments fail, the vending machines eat your money and offer nothing in return, and nobody knows the answers to the questions on tests.

Becky, Ye a really nice girl that I respect a lot, stay sweet and keep in touch
Love
Brad H.

Becky:
We've had some good
times in the past.
Good luck in school
& thruout life.
Lots of love
Dana Short







People tell jokes, cheer for their teams and sing with others. Individuals prepare their lessons and improve their bodies.

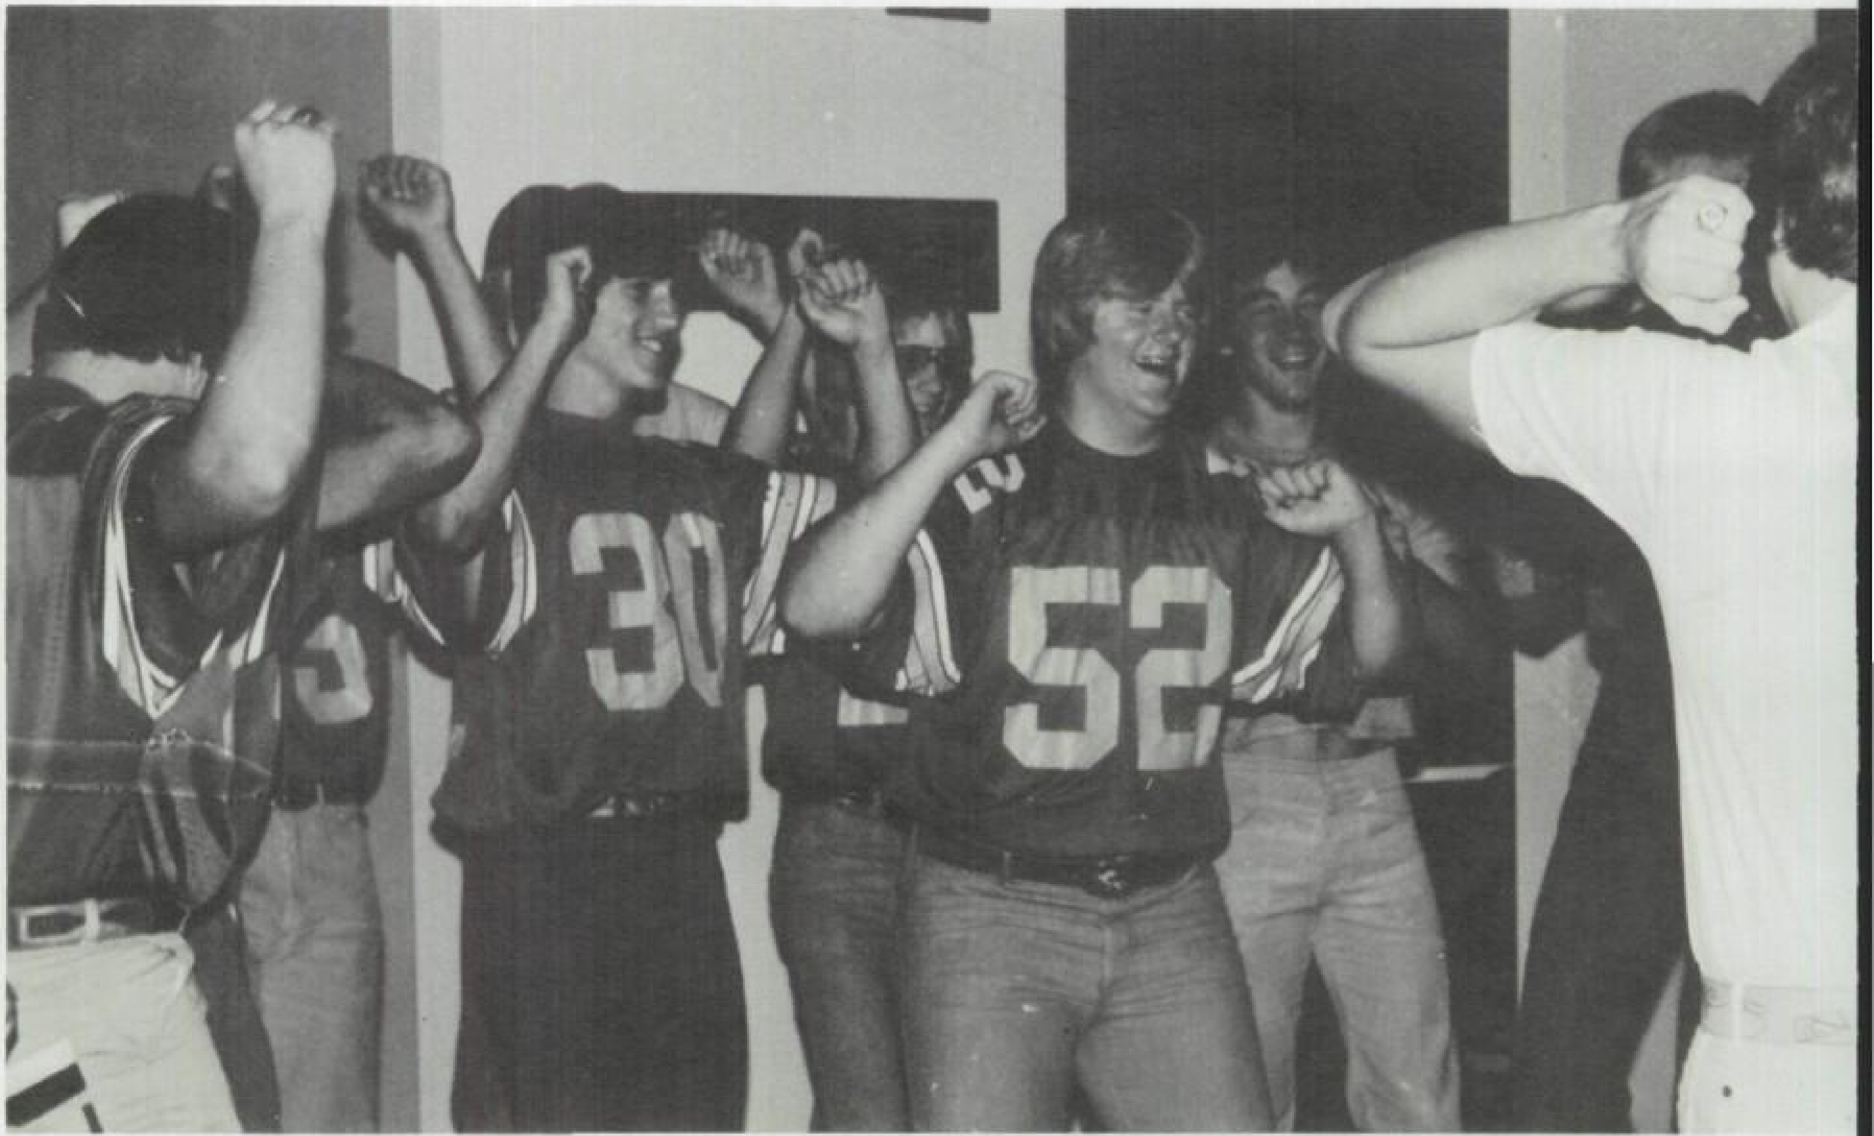
Mondays bring the hushed mumble of everyone talking about what they did over the weekend.

On Fridays, band music and spectator shouts mingle with the sounds of competing athletes at athletic events.

Becky,
So a really great person to be around. Keep smiling and you'll go very far in the future. I wish you all the in world and I also wish you and Mike the best always too. Keep smiling and be happy in every-you do.

Love
Stacy.
SR. 82

May the wind be always at your back.

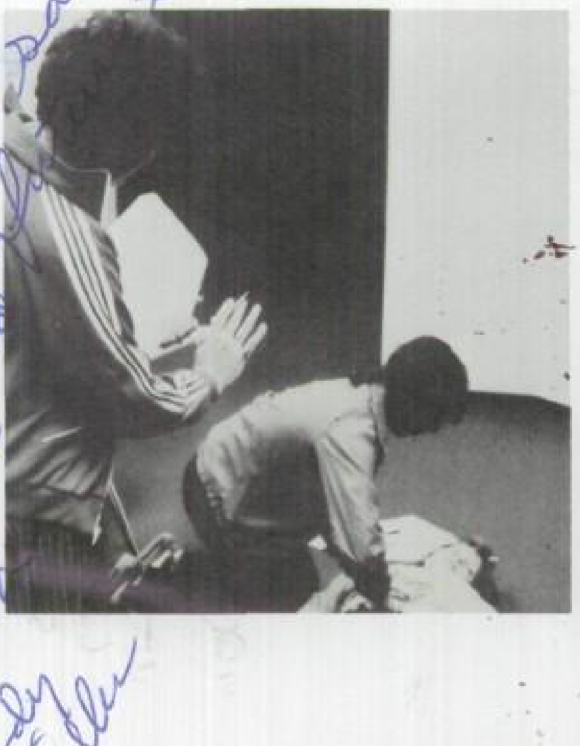


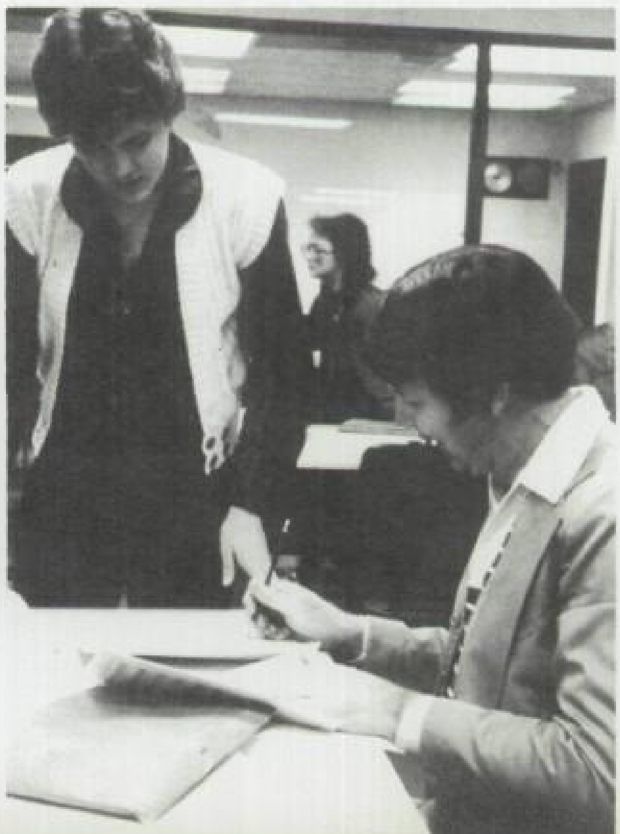
Students talk, listen, and become friends as they spend time together at special events.

Rainy days renew the drip drip drip of water into a multitude of cans around the building.

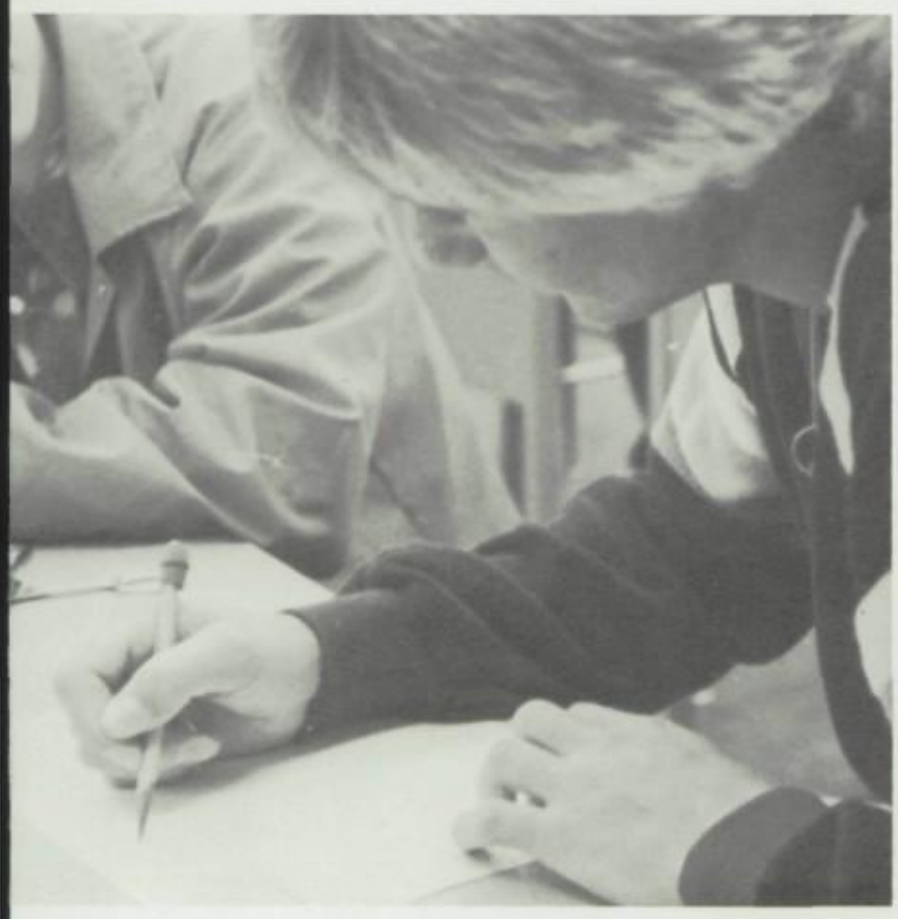
The sound of someone giving directions often fills the air. Mrs. Seaman's voice over the intercom, Mr. Romans settling a rules dispute, Mr. Adams telling his Algebra I Class "You will use this later on in life."

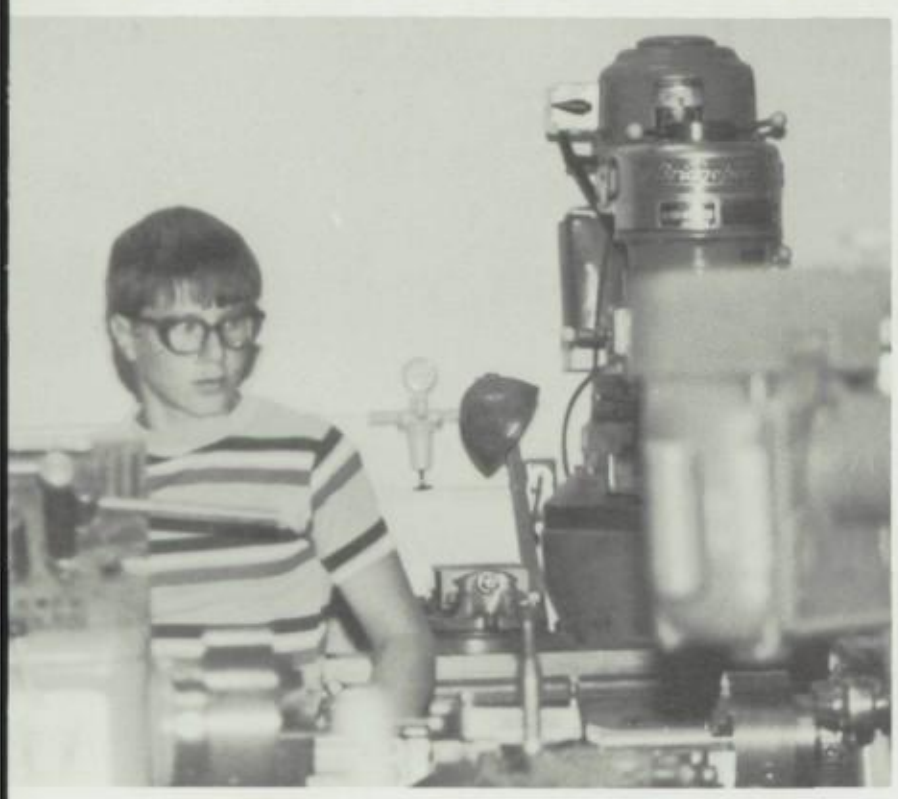
Becky
To a great friend who without having you in comp I it would be a real bore. You allways make my day in comp I. Stay the same. Good luck in the future but I didn't think you'll need it with your good looks
Randy Allen





Becky,
Well, out of the few people I know here you've got to be the one with the most energy. I'm glad I'm getting to know you and maybe we'll party together before I move again. Before I go a little bit of advice. Don't take life too seriously, or you'll never get out of it alive!
Chuck Elliott





The English Department is filled with the scratch of pens writing in Comp II Journals and the expressive dramatics of Mrs. Piersall reading to her class, while down the hall the groan of machinery mingles with the grinding of metal.

To a real neat girl
who I really like
a lot. I really like
you being ... all always reserved
I wish I could have
went to a few more of
your ballgames this summer
to Good. Luck with your screw. up Ha
Mike. Keep in Touch always
Ty

The locker areas are filled with the rattle of lockers, the whispers of couples and the ever present radio.

The muffled tramp of band members stamped-ing to lunch daily marks 12:30.

These sounds drift daily through this beehive of learning we call

Chaparral High School

Becky,
you HAVE ALL WAYS Been Special to me. I'll Remember

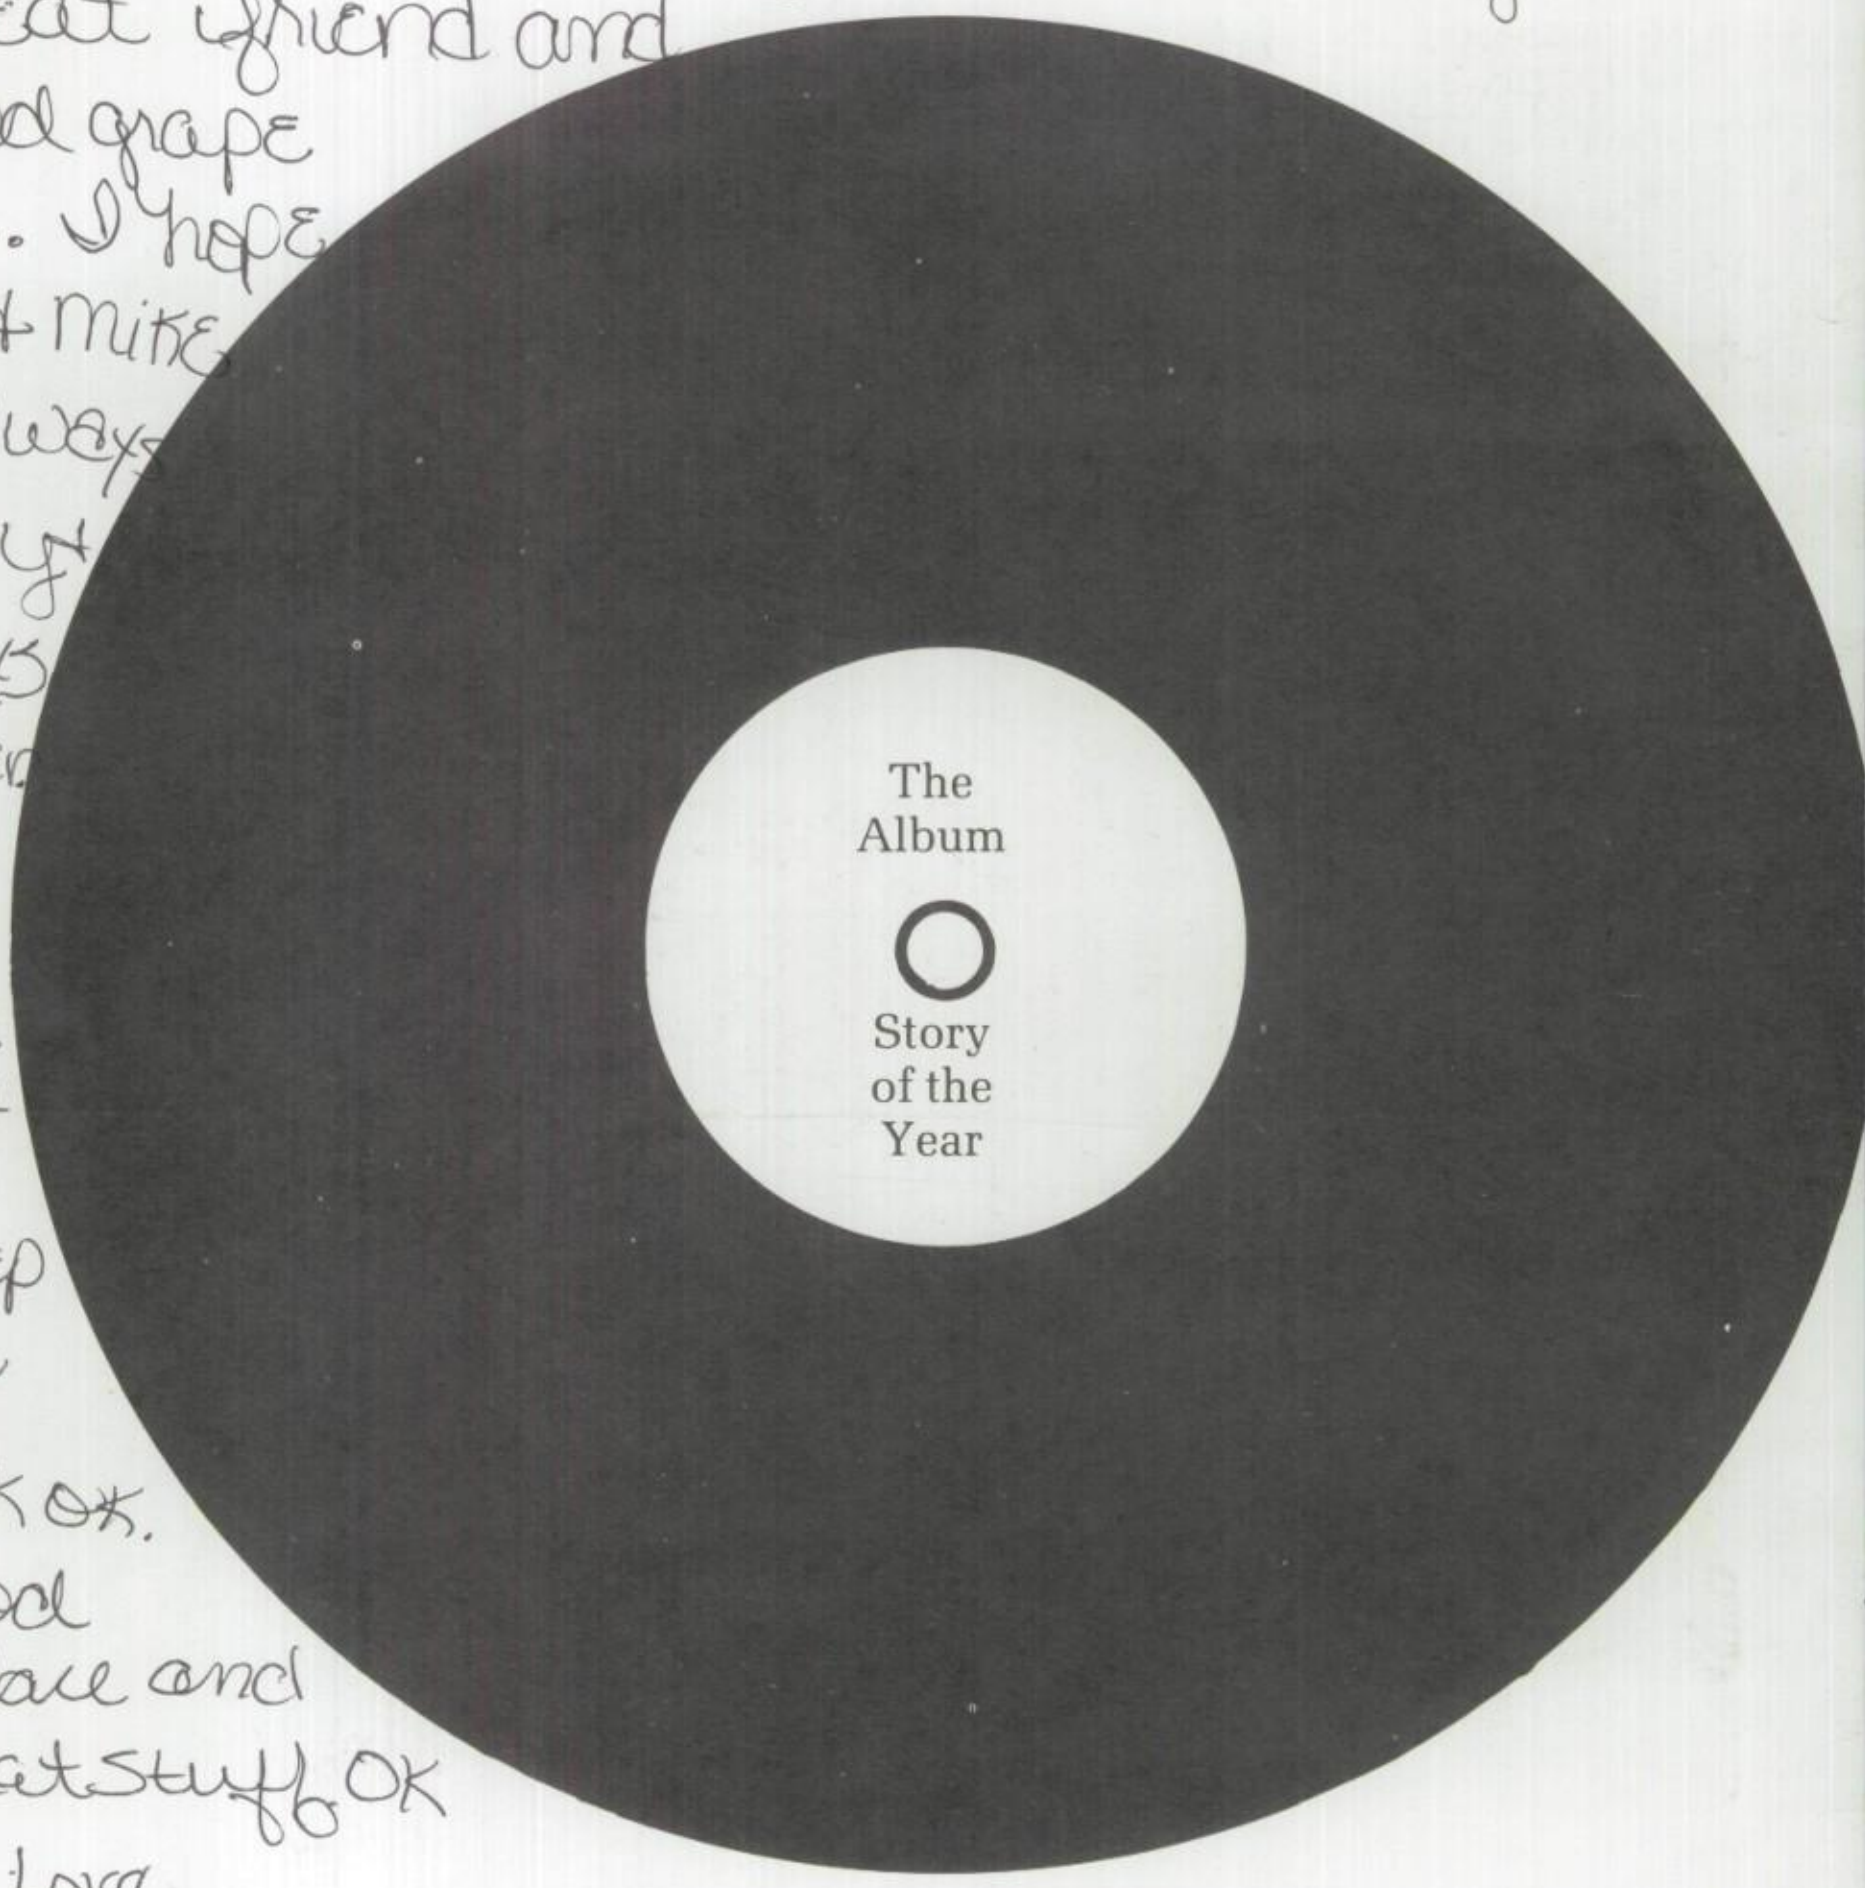
Becky, you something very special, your a great friend and a good grape vine. I hope you & Mike are always happy & always together. you guys are the perfect pair. So keep circle close watch ok. Be good Take Care and all that stuff ok

love "82" Leanna.

P.S If you ever need someone to talk I'm right here.



1979-1980 was clearly a school year filled with record achievements. The Industrial Arts Club came back from convention as National Champs. For the third year Chaparral's football team was in State Playoffs. The Boys Basketball Team set fourteen school records including the best overall record with twenty wins to two losses. The Tennis team made it two in a row as State Doubles Champs. Our Key Club made it eight years in a row to be named best club in the state.

Nationally, we thrilled to the feats of Eric Heiden as he captured a record five gold medals in Olympic Speed Skating, and followed the United States Ice Hockey Team upset after upset to the Gold Medal. Unfortunately other records were also established. Few will forget the over 200 days that United States Citizens were held hostage in Tehran, Iran by militant Iranians, or the unprecedented action of President Carter in asking United States Athletes not to attend the Moscow olympics in response to the Russian invasion of Afghanistan.

Becky,
TO a really sweet person who is lots of fun to be around. I'm really glad I'v got to know you in the last three years. Good luck in the future. I hope you and Mabel are always happy and get all out of life that you want. After we are out of School and old married women I want to stay in touch and always be friends.
Love ya.

Becky,
I've known ya for a number of years and I don't regret it at all. You've got alot going for ya. You have your future already planned with Mike. I wish you'ao the best and lots of happiness. I wish Kevin and I could be guarenteed that, but 4 years is a long time to wait. Will have to bum around together since Kevin & Mike are both gone. I hope my life will be as happy as yours appears to be. Love Ya Lots.

What's Your Thing? — Student Survey

For the third year the Paisano Staff took a survey on what we considered "important" issues — at least important to C.H.S. students. You know, such biggies as "What's your favorite song?", "Where do you like to go on dates?", and "Other Than Boss Hogg, who is your favorite politician?" In general things that have a great impact upon our lives. The figure in parenthesis is how that particular response ranked in last years survey.

Becky,

Besides me you've got to have the biggest mouth in Harper County. Just joking, really your a great friend & a blast to be around. We haven't really done much "Partying" together but will have to change that in the future, O.K? You & Mike make a super couple so keep it that way. Stay the way you are & you'll go far. (get it) Ha-Ha

Love,
Denee

Becky:

I never got to know you at all until this year and I want to ase you this: Where have you been all my life? I don't know what history would be like without you - too boring to contemplate. It blows my mind. Try to stay out of trouble and don't let your curling iron get out of control. People might start thinking it's something else.

Love ya,
Jonna

Becky,

Well, shit! I don't know what to say to a crazy gal like you. I sure do miss ya in 4th hr. P.E. At least now I can win sometimes in there, cause you're not there to beat me. I wish you and Mikey the best of luck. Let's have another one of our long talks again real soon. Okay! Best of Luck Always,

Love ya,
Donna
